Attention: Mr. Mark Bailey  
Area Manager

Dear Sir:

Re: Continental Lime Inc.  
Cricket Mountain Lime Plant  
Delta, Utah

We wish to advise you that Continental Lime Inc. (wholly owned subsidiary of Steel Brothers Canada Ltd.) intend to construct a new lime plant 32 miles South of Delta, Utah in the SW corner of Section 36, Township 21 South, Range 9 West and also develop a quarry in Section 36, Township 21S, Range 10 West. Work is to commence in May 1979 and the plant should be in operation by July 1980.

We request permission to purchase approximately 60,000 cubic yards of granular fill from your pit located near Section 34, Range 9 West, Township 21 South and also to construct a new 30 foot haul road across the North-West corner of Section 1, Range 9 West, Township 22 South to connect to the existing gravel road. This road will be used to haul stone from the quarry to the plant site. The attached drawing 72-103 Rev. 2 shows the position of the plant and proposed haul road.

Your assistance in this matter is greatly appreciated.

Yours very truly,

WESTERN PROJECT MANAGEMENT LTD.,

For: CONTINENTAL LIME INC.,

S. F. Hunt,  
 Project Manager.
